Dedication

There are always some people who seem to play an important role in the smooth running of an institution that involves as many details as a school. And that is the kind of people we find in our friends, Mr. and Mrs. Hagele to whom we affectionately dedicate this 1949 RAINIER VISTA. How often we have urgently needed some favor done, and have confidently dropped in to the secretary's office to tell our troubles to Mrs. Hagele, who, we might always know, would help us out. Those who know best say that in her work she is always efficient, reliable, and capable.

And we never can forget Mr. Hagele's playful smile, and that humorous vein which runs like a thread of mischief through much that he does. Whatever he undertakes to do is done accurately and with the precision of the master workman in a job.

We salute you in this sincere dedication, Mr. and Mrs. John E. Hagele.

OUR PRINCIPAL, PROFESSOR A. J. OLSON

Our Principal

In the stress of school life when large numbers of people are busy in various lines of activity many problems arise. We have our individual problems as well as our group problems, and through all these we have learned to appreciate the sound advice and sympathetic attitude of our principal. Sometimes the demand for him has been so great that we have waited in line for what seemed like hours, but we have never failed to be rewarded with the help we went for. At first we may have feared to approach "the green carpet," but we soon learned that we would be greeted with wholehearted and sympathetic understanding and the help we needed.

ELDER DON H. SPILLMAN

A Tribute of Thanks

The most impressive memories of all our school life, are those surrounding our spiritual activities. And only eternity will reveal how much this year has meant to us because of the work of two of our spiritual leaders, Elder Don H. Spillman, president of the Washington Conference, and Elder Glenn E. Patterson, pastor of the Bremerton Church. Each of these men has given us an entire week from his busy life to guide us in our effort to find God. The fall Week of Prayer was conducted by Elder Patterson, and the spring devotional week by Elder Spillman. Especially will we remember the stirring testimony services which followed the meetings in which we surrendered our hearts to the Master, at which times we were led to the foot of The Cross. Dear to memory too, will always be the helpful choruses, and the hours of private consultation with these men concerning our personal problems. These have been precious hours when, as we reached our after God, we have found Him; and many have met Him for the first time.

To close the spring Week of Prayer, Elder Spillman conducted a baptism in which many arose to walk in newness of life with the Master.

ELDER GLENN E. PATTERSON

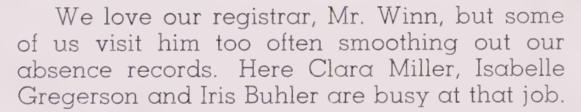

The Offices

MR. VERNON WINN
Registrar

Into the business office, genial with Mr. White's genuine Christian personality, we often go to work out the big and little financial problems that arise in our school life. Here Gloria Bariel, Chuck Tucker, and Mabel Bruington lend their out-of-class hours to keeping books, tending switchboard, or being generally helpful. In a small office at your left you would find the business manager, Mr. Walin, for your bigger problems.

MR. ROY WALIN
Business Manager

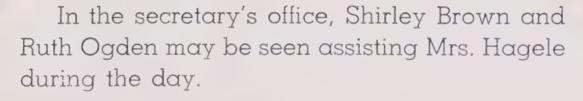

MR. ROY HUNT
Woodshop Office Manager

It isn't often that we visit the good looking woodshop office, but, nevertheless we always find them engaged with the business of dealing in furniture. Yvonne Felton, Delores deCordova, and Shirley Brown work in this office under the direction of Mr. Hunt.

Memories

of

Service

THE LITERATURE BAND

Those many Sabbath afternoons we spent taking out the pages of sacred literature; the thrills of doing our share to raise funds for the needy at home and abroad when the Harvest Ingathering campaign came round; and the hours of service in preaching and Bible study in Seminar! These made up some of our active religious hours

HARVEST INGATHERING

A SABBATH SCHOOL CLASS

Sabbath Hours

The sacred hours of the Sabbath were taken up with such things as an instructive Sabbath school class, or a "sing" in the parlor, quiet hour in our rooms, or those interesting M. V. meetings which were planned and worked out by Mr. Grundset and his student assistants.

We're off to Classes

ELDER H. A. PECKHAM

Bible, Church Pastor

Next to worships, vespers, and the week-end services, the Bible classes helped to create in us a desire to be more like the Master. Here Elder Peckham conducts a class in denominational history.

Mr. Winn looks on as Wesley Wright, Jean Christman, Clara Miller, and Orley Suelzle watch intently for the results of an experiment in "chem. lab."

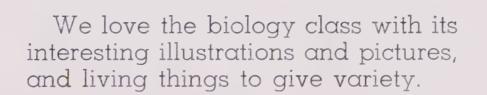

MR. EDGAR GRUNSET
Biology and Mathematics

"Math" class with Mr. Witzel unfolding the mysteries of angles to the geometry class.

MR. WITZEL

MR. A. B. BRINGLE

History

State history begins to live as Mr. Bringle warms up to the subject.

MR. ELLWOOD MABLEY
Assistant Dean and Spanish

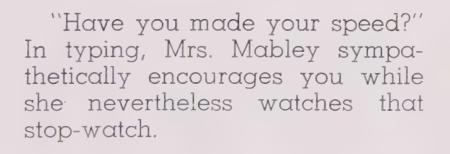

MRS. ELLWOOD MABLEY
Typing and Shorthand

This looks interesting, and it is! Glen Ritchey, in English IV, is giving a talk on "Jet Propulsion," which opens up new worlds to us.

MRS. A. J. OLSON

English

A class in bookkeeping.

MR. J. E. HAGELE Metal Shop

Metal shop students gather around instructor, Mr. Hagele, to see how their scores in metal-performance stack up.

MR. LLOYD B. WHITE

Bookkeeping

Winona fits a new dress on Mabel in sewing class. And we never can forget how much fun those cooking classes were; we sometimes went to the garden first for our winter vegetables to cook with.

MRS. EDYTH COTTERLL

Home Economics

THE HOME "EC" ROOM

The library is really the place in which to study. And we love to go there too. The atmosphere, somehow, radiates good natured industry, for Mrs. Robinson inspires us to want to study. She is always ready to help us, and to make us feel that the library is ours for real use as well as enjoyment.

THE CHOIR

MRS. C. L. WITZEL

Piano

Fondly we look back to the enjoyment of the choir on Sabbaths, and to the pleasant hours of rehearsal; and to the organ music at Friday evening vespers when Mrs. Witzel kept the sweet strains of sacred music moving us nearer to devotion.

THE BAND

And the band was a never failing source of pleasure. We had hours of sheer delight getting ready for those band concerts, and those who lived in the community often told us what a thrill they got from hearing the strains of band music floating across the campus.

The messages of sacred music went on record for hours of worship at school, and also spread their influence among many of the churches over the conference. The week-end trips we took were always an anticipation, and a realized pleasure.

MRS. STIVERS Laundry Matron

Some of us loved to iron shirts and never minded when there seemed to be hundreds of them. Mrs. Stivers was good to work for, and as we worked we always shared our news and friendly feelings about all the interesting things that were going on at school.

Associated Student Body

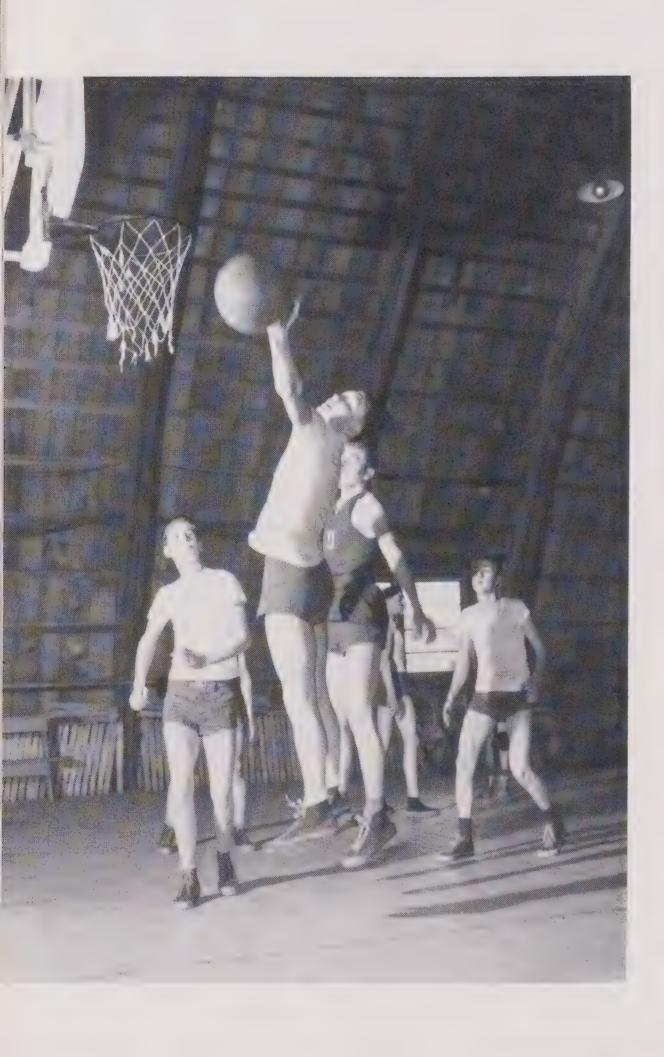

Each year the Associated Student Body undertakes certain projects of their choosing, and up to the present year has never failed to carry over the task of raising the funds necessary. This year the main project was the campaign for subscriptions for the 1949 Rainier Vista. Some noteworthy projects of past years have been the title floor for the dining room, chairs for the gymnasium, the orgatron, and ten thousand dollars for the girls' new "dorm." This organization cements the student interests through such worthy projects, and also gives them the opportunity to learn parliamentary practice and cooperation in conducting their own meetings.

Editor-in-chief, Martin Nelson; associate editor, Yvonne Felton; literary editor, Estelle Heidler; associate literary editor, Pearlene Putnam; advertising manager, Don Tucker; business manager, Floyd Lewis; photographic editor, Derald Jacobsen; associate photographic editor, Ruth Keele; snap editor, Gordon Hale; associate snap editor, Juni Ellwanger; art editor, Clarence Alcorn; typists, Clara Miller, Birdella Baker; circulation manager, Jerry King; literary adviser, Mrs. A. BUILDINGS AND CAMPUS

R. L. Walin, Don H. Spillman, L. R. Alexander, A. J. Olson, C. L. Witzel

General Information

Two new units are at present being constructed on the campus. The new girls' dormitory will be completed this summer. The top floor with rooms for 60 girls was completed in time for the opening of school in the fall of 1947. The main floor was completed a year ago. About 115 girls were housed in this dormitory during the last year, 1948-49. The dining room floor is now nearing completion, and should be finished in the early summer. This floor contains a dining room seating over 300, a worship room seating about 150 girls, and a recreation room as well as all kitchen and service rooms.

The second unit is a new power plant, which has two 150-horsepower high pressure boilers and will have, when completed, a steam-driven generator, as well as the 450-kilowatt Diesel-driven operator already installed.

The location of the school is unusually attractive on the edge of a plateau overlooking the Green River Valley, with the snow-covered Olympics visible in the west, and beautiful Mount Rainier dominating the landscape toward the east. The buildings are set in a campus of several acres, which is fringed on three sides with evergreens of various kinds. The academy farm consists of about 225 acres, most of which is improved and growing good crops. The school now has a fine dairy herd of nearly 40 cows to provide milk and cream for the dining department.

The administration building contains, in addition to offices, music studios and classrooms, the chapel seating about 300, and the dining room with a seating capacity of 250. The library, with about 3,000 volumes, is also located in this building. As soon as the dining room in the new girls' dormitory is completed, the old dining room will be converted into a large library and the present kitchen, with store rooms, will be changed to modern laboratories, thus releasing other rooms for much needed classrooms and offices.

STUDENT ACTIVITIES

In connection with the academy are a number of organizations, religious

and social, which give the students opportunity to develop leadership and their talents of speaking and writing, as well as training in various kinds of missionary work.

Most prominent of these is the Missionary Volunteer Society, conducted throughout the school year by the students, and working in harmony with the general department. Many active bands carry on the work of this organization, including the Master Comrade, Literature, and Sunshine Bands. These bands tend greatly to stimulate missionary activities among the students.

The Academy Sabbath School is conducted largely by the students, guided by teachers.

The students of the Academy have developed an organization known as the Associated Student Body of Auburn Academy. The purpose of this organization is to promote the social and cultural interest of the student body. THE STUDENT'S PLEDGE

It is distinctly understood that every student who presents himself for admission to this school thereby pledges himself to observe its regulations and live in harmony with its ideals and purposes. Unless he is willing to do this freely and without reservation, he will not be admitted to the school. If this pledge is broken, he will be retained only by the sufferance of the faculty for such time as he is not a serious detriment to others. Students who fail to respond to appeals addressed to their manhood or womanhood or sense of honor, and those whose influence is found to be harmful, will not be allowed to remain in the school even if they have been guilty of no specially culpable offense. On the other hand the faculty pledges the parents that they will faithfully endeavor, to the limit of their ability, to help young people who seem not to appreciate the privilege and responsibilities that come to them. No student will be lightly dropped from the school, and parents may be assured that their children will be given every opportunity to develop Christian characters as long as they show a desire to cooperate with the teachers toward that end. SOCIAL GUIDANCE

To assist the student in moving through the academy life with a minimum of friction and at the same time to contribute to his physical, mental and moral powers is the goal of all academy regulations. A kindly application of the following broad basic principles is the aim of the faculty.

No student is retained who uses tobacco in any form. Nor can the school tolerate profane or indecent language, disorderly conduct, card playing, including rook and other like games, also such games as checkers or chess, gambling, dancing, improper associates, the possessing or reading of novels and story-magazines, visiting of pool rooms or other places of detrimental influence. Neither can students be allowed to attend the theater, moving picture show or any other entertainment of an objectionable character, because these interfere with the student's work and exert a wrong influence in the school.

The seventh day is observed as the Sabbath, and a proper quiet and decorum is expected of all students. Engaging in unnecessary work or improper recreation on this day is out of harmony with the spirit of the institution.

Young men and women may associate in a frank, manly and womanly manner at times and in places that are proper and in harmony with the spirit of the school; but sentimentalism, note writing, flirting, strolling together about the grounds, or elsewhere, loitering about the campus or sitting together in public services are not conducive to the best progress in study or to the good name of the school.

As this academy was established for the purpose of giving a distinctly Christian education, no student is retained who either publicly or secretly seeks to disseminate immoral or atheistic ideas among his fellow students.

The home is not a public building. No lady or gentleman would think of entering a private home without permission; hence people living outside, in

calling upon members of the home family are expected to observe the civilities of social convention.

It is expected that all students have respect for academy property, and in case of destruction of property of any kind, such as breaking windows, dishes, or tools, the honest student reports the breakage and settles for it.

Because modesty in dress is conducive to sound character building, students should dress simply and sensibly, avoiding extremes. For girls, simple dresses are recommended. The use of cosmetics, the wearing of French or other extremely high heels, very short skirts, sleeveless dresses, low backs, transparent waists, jewelry such as necklaces, finger rings or bracelets is not in harmony with the principles of the institution. We strongly urge parents to supervise their daughter's wardrobe, and save her embarrassment by eliminating anything out of harmony with these principles.

Students who are not Seventh-day Adventists may attend the Academy without feeling any embarrassment whatever, as long as they do not interfere with the plans for which the school is established.

It is expected that young ladies will be properly chaperoned whenever leaving the campus.

Unmarried students whose parents or legal guardians do not reside in the vicinity of the school should board and room at the Academy. Certain circumstances might arise where an exception should be made in this rule. Such cases will be considered by the faculty upon written request with reasons fully stated by the applicant.

If it seems necessary, or to the best interest of the student, faculty permission may be obtained for correspondence work or private lessons.

Should a student be absent 10 per cent of the class recitations during one semester his grades are subject to a cut of one point (from A to B or B to C, etc.). Also should a student be absent as much as 20 per cent of the class meetings in one class he may forfeit his grade. The class work missed can be made up if due to prolonged illness.

The management provides from time to time pleasant social gatherings and outing for the students. All gatherings of whatever nature, have a faculty chaperon, and a list of students invited is submitted to the principal at least two days beforehand.

Parents are requested not to give permissions that conflict with the rules of the school.

All classes are entered or dropped by a voucher signed by the registrar.

No firearms are allowed on the school premises.

DORMITORIES

The dormitories are in charge of experienced teachers who understand young people, and are able to help them solve their problems. Constant appeal is made for sincere cooperation on the part of every student in maintaining wholesome standards of living on the principle that kindness and confidence are more efficacious than stringent rules. Careful attention is given to the study of the personality of each student, and methods are employed that will best bring out the individuality of each. In a special way the government of the Home rests upon the mutual good understandings between teacher and pupil.

It frequently happens that students are unexpectedly called for, and inasmuch as the home management should at all times know the whereabouts of those under their charge, no student should leave the campus without permission from the dean of boys or dean of girls.

It is desired that the school be quiet and orderly, and that students shall conduct themselves in a manner consistent with a refined home. Loud talking, running up and down stairs, entering rooms without the consent of the occupant, and scuffling anywhere in the building are out of order.

Picture moulding is provided in all rooms. No tacks should be driven into the walls.

The school home is conducted on the same principles as are well regulated Christian homes. Morning and evening worship are maintained in the school homes throughout the year. The deans who are responsible for the worship hour give careful study to these exercises in order that all may be benefitted by attending. Every student is expected to be present, and those in charge of the Home require a reasonable excuse for absence.

All students are expected to attend public services on the Sabbath, unless excused by the dean, in which case they will remain in their own rooms.

Owing to the modern easy means of travel, there is a strong tendency on the part of students and parents for frequent week-end visits home. This, however, has been found to be detrimental to the best interests of the school. Therefore it has been recommended that the faculty do not grant permission for such visits more often than once in six weeks, except in extreme cases. Requests should be made to the dean by the parents, in writing, several days before leave of absence is desired. In all cases the faculty reserves the right to dcide as seems necessary for the best interst of the school.

Flesh foods are not served in the dining room, and should not be brought into the school homes.

A student's being absent from the dormitory after evening worship without permission is considered a serious violation of the rules of the dormitory.

All trips farther than Auburn from the school must be authorized by the principal.

The school is not responsible for any personal property left on the premises after a student leaves school.

Phonographs and radios are not permitted in the dormitories.

Do not bring so-called popular music.

WHAT TO BRING

Each student should bring four sheets, three pillows slips, a pillow, and a bed spread, warm blankets or comforters, towels, dresser scarf, and a cover for his study table, 30x48 inches; also work clothes, and a laundry bag. Our denominational books such as The Testimonies, Desire of Ages, Christ's Object Lessons, Steps to Christ, will be of help. No rugs, carpets or window curtains are furnished with the rooms, but should be brought by the student if desired. A few pictures for the walls are desirable. Manous Hall boys should bring curtains for one window $5x3\frac{1}{2}$ feet. Girls who will room in the new dormitory provide curtains for one window $4x4\frac{1}{2}$ feet. Gibson Hall boys should bring curtains for two windows $5x2\frac{1}{2}$ feet. Manous Hall boys should bring a curtain for clothes closet door which is $6\frac{1}{2}x2\frac{1}{3}$ feet. The boys' and girls' dormitories are equipped with single beds. Each student should be provided with a pair of noiseless slippers to be worn during study period.

It is suggested that any girl who expects to sing in the choir or chorus, provide herself with a dark skirt — either black or navy blue — and a white long-sleeved shirtwaist style blouse. White satin is suggested. This provides a uniform-appearing group upon public performances, and such an article of dress as a dark suit is always useful in a girl's wardrobe. Boys who expect to take part in glee club, choir, etc., will find a dark suit and white shirts of great service.

MISCELLANEOUS

To remit, send money by draft, check, or money order payable to Auburn Academy, not to an individual.

Mail for students residing in the Homes should be addressed to them, care Auburn Academy, Auburn, Washington.

For those coming by train, tickets should be bought and baggage checked to Auburn, which is reached by all main line railroads. If coming by bus from

Seattle to Auburn, take the Enumclaw bus, and ask to be let out at the Academy stop. Those notifying the Academy are met at Auburn.

No student under fourteen years of age is permitted to reside in the school Home unless he has completed the eighth grade or has made special arrangements with the school management.

Students arriving Sunday and Monday of the opening week of school are given free transportation from Auburn to the Academy. Students arriving late

are charged for transportation.

Withdrawal: If a withdrawal becomes necessary for any reason, the proper method is to secure a drop voucher from the principal in order to avoid necessary charges for expenses. When a drop voucher is obtained all charges are discontinued with the exception of room rent which continues to the end of the current semester. When the reason for leaving before the end of a semester is due to illness or other unavoidable reasons bearing th board's approval the room rent is also discontinued from the date the drop voucher is obtained.

Experience has proven that student automobiles and mortorcycles are nearly always detrimental to good work and usually lead to many irregulari-

ties; therefore, students are requested to leave these at home.

The school assumes no responsibility in forwarding personal belongings such as clothing, blankets or books to students who withdraw from the school.

Labor credit either by students or parents is not transferable nor redeemable in cash except as authorized by board action.

HEALTH SERVICE

All students will be expected to have a physical examination before the opening of school. A physical examination blank will be mailed to each prospective student. This must be filled out by a physician, and mailed to the school in advance. Students are urged to see a dentist early in the summer and have all dental needs taken care of before the opening of school. During the school year, one office call, where necessary, will be covered by the medical fee. Hospital care, medicine, laboratory service, operations and all transportation costs for dental and medical appointments must be paid for. For the benefit of the students a school nurse is employed by the school. Her attention and care are added to the guidance of the deans of the school homes.

ANSWERS TO FINANCIAL QUESTIONS

1. HOW CAN A ROOM BE RESERVED?

By sending in a special application blank accompanied by a \$5.00 deposit.

2. IS AN ADVANCE DEPOSIT REQUIRED?

A. Dormitory students upon entrance, make a deposit of \$56.75, which covers the following:

1. \$39.00 which is held and credited on the last statement or on with-

drawal of student.

2. The first semester entrance fee of \$10.75 (\$9.50 covers matriculation and the first semester's charges for library, health service, physical education and standard laboratory fees. \$1.00 is turned over to the annual staff to apply on cost of student annual and \$.25 is turned over to Student Association treasurer).

3. A deposit of \$7.00 to pay for room and tuition for the extra week which was added a year ago, in order to meet the requirement of 172 school days besides all vacations and field days, making a school year of 37 weeks in place of a school year of 36 weeks.

B. Village students upon entrance make a deposit of \$31.75, which covers the following:

1. An advance deposit of \$18.00, the equivalent of one month's tuition which will be held and credited on the last month's statement or upon withdrawal.

2. The first semester's entrance fee of \$10.75. See explanation (2)

under (Å).

- 3. A deposit of \$3.00 to pay the tuition for the extra week which was added a year ago in order to meet the requirement of 172 school days besides all vacation and field days, making a 37-week school year in place of a school year of 36 weeks.
- 3. WHAT ARE THE MONTHLY CHARGES FOR DOMITORY STUDENTS? The monthly fixed charges are: standard tuition, room and laundry, \$32.00. There is a charge of \$2.00 per month for a 5th subject. (Laundry in excess of a reasonable amount will be charged for extra.) The board minimum will be the same as last year, based on the calendar month, which was \$.75 per day for girls and \$.85 per day for boys, or \$22.50 and \$25.50 respectively.
- 4. WHAT IS THE COST OF TUITION FOR STUDENTS WHO DO NOT LIVE IN THE SCHOOL HOME?

Non-dormitory standard tuition is \$18.00 per month.

5. ARE THERE OTHER FEES ASIDE FROM THE REGULAR MONTHLY CHARGES?

Entrance fee (explained in (2) above) is \$10.75 per semester. Accident insurance (campus and field trips only)_____\$2.50 per semester

BUDGET FOR CIRIC

* These plans are approximate, subject to statutory changes, and do not include miscellaneous fees such as music, breakage, etc., which are additional. Labor rates vary thus: Girls, 30 to 36 cents per hour; Boys, 30 to 38 cents per hour. Woodshop (boys and girls) receive a minimum of 40 cents per hour, but students able to produce quality and quantity of work will be paid a higher rate of pay in keeping with their earning power. Since much work in the assembly and finishing departments is on piece-work basis, some boys earn as much as seventy and eighty cents per hour. The Woodshop Plan is open to boys and girls sixteen years of age or older who can qualify by age or obtain Department of Labor and Industries work permits and who show promise of developing skill in manual training.

** Cash requirement does not include entrance fees for the two semesters nor the \$7.00 for room and tuition for the extra week of school.

The above plans are based on the 4-week period. Since the calendar month is used this year, \$2.00 per month should be added to these monthly expenses, for all the school months except September, February and May, which are in effect short months.

WHAT ARE THE RATES FOR THE FINANCIAL STATEMENTS AND TIME OF SETTLEMENT?

Nine statements, covering the monthly charges for the school year, will be rendered. The first of these statements, covering the month of September, will be issued October 1, and a statement will be issued on the 1st of each month thereafter during the school year. For the convenience of parents, all school charges will be made at the end of each calendar month instead of at the end of each 4-week period, as formerly. Tuition, room and laundry for the 36 weeks will be divided into nine equal charges. Board is on the cafeteria plan and each student will be charged for the amount used each calendar month, provided that amount is not below the minimum charge.

ENTRANCE AND GRADUATION REQUIREMENTS

A student is admitted to the Academy upon the presentation of an eighth grade certificate or grades from accredited schools, or upon passing satisfactorily examinations in subjects for which credit is claimed. Students are

required to present grades from other schools upon matriculation.

Two curricula are offered. The college preparatory curriculum provides those subjects required as prerequisites for most colleges courses. With slight modification it can't be made to meet the requirements of any college course. Those planning on the nursing, dental or medical courses should include biology in the ninth grade of the college entrance curriculum. Also those planning on a degree in elementary education should include two units of history.

The general curriculum is offered for those who are not particularly interested in meeting college requirements and who wish to add to their programs more subjects from the fields of music, practical arts, and commerce. Seventeen units are required for graduation in each case.

No credit toward graduation is given for less than two years in any foreign

language.

No more than two units of credit earned from music courses can be used for satisfying graduation requirements.

Better light means better sight. But good lighting doesn't mean a lot of lights. It means the right amount of light in the right place! Actually you will use less electricity with good lighting because you can use fewer units. Avoid direct and reflected glare. You'll find good lighting makes school work easier.
